## **Report of independent auditors on Applying agreed-upon procedures**

### **To the Management of Argüden Governance Academy,**

We have performed the procedures based on the agreement date on January 6, 2022 and enumerated below with the respect to the operations of Argüden Governance Academy ("the Academy") in 2021, set forth in the accompanying Schedules. Our engagement was undertaken in accordance with the Turkish Standards on Related Services 4400 "Engagements to Perform Agreed-Upon Procedures Regarding Financial Information" issued by the Public Oversight Accounting and Auditing Standards Authority of Turkey applicable to the agreed-upon procedures engagements.

The procedures were performed solely to assist you in evaluating the validity of the data and the "Total Economic Cost of the Year 2021" table disclosed and published in the Annual Impact Report 2021 of the Academy and are summarized as below;

1. The bank balances of the Academy were confirmed with the records of the Academy.
2. Monetary transactions such as incoming donations and expenditures were compared with bank statements.
3. Income / expense accounts of the Academy; were compared with the supporting documents like receipt, invoice, payroll, etc.
4. The figures under the "Total Economic Cost of the Year 2021" table in the report consist of two groups as "Expense" which is expressed as real resources and "Leverage Effect" which is calculated as an estimate. Expenditures are stated in the "expense" group were tested with expense documents and compared with accounting records.
5. The "Voluntary Contribution" in "Voluntary Contribution & In-Kind Contribution" which is expressed as a leverage effect, is calculated with;
  - hours data, which are declared by the volunteers and kept in the Academy,
  - and the hourly wages for 2021 determined in the Board of Directors Decision dated 24.12.2021.

Regarding the "Voluntary Contribution" hours, the highest 15 persons, according to the amount, were agreed with their statements, and the minimum hourly wage was confirmed by the decision of the Board of Directors. On the other hand, "Contribution in kind" is the monetary equivalent of the infrastructure, space and other in-kind benefits that the Academy benefits from

in its activities without any payment. Regarding the "Contribution in Kind", the values of the items selected by way of sampling were compared with their valuation documents.

Because the above procedures do not constitute either an audit or review made in accordance with Turkish Standards on Auditing or Turkish Standards on Review Engagements (or relevant national standards or practices), we do not express any assurance on the "Resources" table as of December 31, 2021.

Had we performed additional procedures or had we performed an audit or review of the financial statements in accordance with Turkish Standards on Auditing or Turkish Standards on Review Engagements, other matters might have come to our attention that would have been reported to you.

Our report is solely for the purpose set forth in the first paragraph of this report and for your information and is not to be used for any other purpose. This report relates only to the accounts and items specified above and does not extend to any financial statements of the Academy, taken as a whole. As per the law, we do not accept any liability for this report to anyone other than the Academy.
