

LEVERAGE REPORT 2024

Dear Stakeholder,

Thanks to your contributions, we carried out numerous training, research and communication activities in 2024 to develop and promote "good governance" culture. In these efforts, we ensured the most efficient use of the resources entrusted to us. We are pleased to share our Resource Leverage Report with you, depicting how we utilized our resources in 2024.

We sincerely thank our corporate donors, the numerous organizations that provided in-kind support to our efforts, and our volunteers who contributed to good governance by dedicating their most valuable asset, their time.
